Call for Papers

The 2014 Australian Conference on Control will be held on 17-18 November 2014 in Canberra at the campus of the Australian National University.

Since 2011, AUCC has brought together researchers, students and control engineers from industry and Government organisations in the field of control and systems theory providing a forum to present a breadth of research activities and industry practice to a dynamic and varied audience.

Two types of contributions are sought:

- Regular papers, 8 pages for submission, 6 pages for proceedings.
- Industrial abstracts, 2 pages

The proceedings will be available from the Engineers Australia online library and are included in the IEEE Conference Publications Program.

The Australian Control Conference (AUCC) is organised by Engineers Australia through its National Committee for Automation, Control and Instrumentation (NCACI). It is technically sponsored by the IEEE Control Systems Society.

Important Dates:

Submission of papers:	16 May 2014	31 May 2014
Author notification:	4 August 2014	15 Aug 2014
Final papers due:	19 September 2014	
Conference:	17-18 November 2014
